

Mini Cable Lock Premium

Affordable, Pull-Tight Plastic Cable Seals

Very user-friendly and highly tamper-evident, the Mini Cable Lock Premium seal (MCLP) can be applied to secure various applications for a range of security requirements.

The Mini Cable Lock Premium is one of Mega Fortris' bestselling semi-barrier security seals. It is widely used on trucks, tanker trucks, air cargo containers, shipping containers, rail cars, calibrators and valves in various industries.

Features

- 1 Molded with high-impact ABS material with a galvanized steel wire rope. The resilient high-impact ABS material does not break easily and shows clear evidence of tampering.
- 2 The protruding lip feature made of zinc cast at the entry and exit hole of the seal's cable provides greater protection against tampering.
- 3 One end of the cable is permanently secured into the locking body.
- 4 The Mini Cable Lock Premium is etched with permanent laser marking for names, logos, sequential numbers and barcodes, which offers the highest level of marking security.
